Equipment Needed: #2 Phillips screwdriver, 14mm wrench, replacement thermostat

Refrigerator thermostat - part 077B0028

Freezer thermostat – part 077B0021

1. Remove screws from grill on unit side and remove grill.
2. Pull thermostat knob straight out and set aside.
3. Remove thermostat and bracket from grill.
4. Remove wires from thermostat, noting attachment position.
5. Pull thermocouple (silver tube) out of plastic tube being very careful not to kink it.
6. Remove bracket and plate from old thermostat. Place on new thermostat.
7. Reverse steps to install new thermostat.
